Paired with professional 4K resolution and Color Night Vision, these cameras deliver stunning clarity.

## **Experience the 4K difference**

Thanks to the powerful 8MP image sensor, you'll experience the difference that 4K resolution makes when it comes to your security.

LOREX

## See in color, through the night

Featuring our revolutionary Color Night Vision (CNV) technology, producing full-color video with the help of external lighting around the camera.

## **Weatherproof Cameras**

Mother Nature is no match for this security camera. Rated IP67, it can endure anything from torrential downpours to freezing snowstorms.
